John Wilcocks Esquire

with 14 deeds &c.

Dear Sir

Mr. John Drinker has furnished me with the title deeds of Mr. Jos.h Dobbins's two lots, which he has offered to Dr. White &c. for the use of Ch. Church Hospital. You will receive them with this, and as you have the other papers I wish you would be good enough to ask your brother to examine the title, & to minute the heads of an instrument to be prepared for Mr. Dobbins, comprehending the several Objects in his letter to Doctors White & Blackwell & Mr. Towers — Mr. Dobbins's health being uncertain it will be well to pay early attention to this matter. I am, Dear Sir
